# WEEK 1.

👍 11.7. – 15.7.2022

## SPLASH!

A week of water themed activities and fun. There will be science lessons about ice, water and steam. The children will conduct water-based experiments. They will also learn about boats and even make their own ones, which they will set a float on the pond. The children will find out about marine life and get to use a snorkel and mask. There will be a pirate day, where the children can dress up in costumes, make maps and go on a treasure hunt. Outside the children will complete water themed obstacles courses and challenges. They will get to build their own waterfalls and waterways for the toy boats.

# WEEK 2.

👍 18.7. – 22.7.2022

## 1,2,3 GO!

This will most definitely be a week of ACTION! There will be lots of opportunities for the children to try different sports. These include hurdles, tennis, soft ball, basketball, floorball and many more. There will be cycling trips in the forest and to the river plus special proficiency courses to improve their skills. The children will learn about the different ways animals move. They will be conducting science experiments with ramps and vehicles. They will also be constructing their own vehicles and testing if they roll. Other activities exploring different wheeled transport, using remote controlled cars and participating in lots of races.

## WEEK 3.

👍 1.8. – 5.8.2022

### SCOUT CAMP

The children are always keen to go on an adventure. Each day they will learn key skills and knowledge to become better scouts. They will be setting up a camp in the garden. This will include tents, fire/cooking area, washing lines and seating. In the forest the children will learn about survival. They will make shelters, bridges, and rope ladders. They will also be cooking some delicious recipes on an open fire. The children will learn about compasses and how to read a map. Then they will have an orienteering challenge in search of the lost treasure. There will also be lessons linked to outdoor sports and on history themes such as the Native American Indians.

## WEEK 4.

👍 8.8. – 12.8.2022

### TIME TRAVELLING

The children will go on a time travelling adventure to learn about the past and the future. They will explore the period of the dinosaurs. They will learn the dinosaur names and facts about different ones. Outside they will do a big dig in search of bones. Other periods include Egyptians, Greeks, Roman and the Medieval era, where they will learn about being a knight and build their own castles. The children will also look at more recent history (past 100 years) and see some of the things which were invented. To finish they will think about robots, spaceships, and the future.
